

Promotional E-Blast Benefit

Advertise your company's promotions, incentives, new products, services, or upcoming events to all Chamber members by participating in the Chamber's promotional e-blast service. This benefit offers members a timely way to share information, saving on the time and cost of producing, mailing, or distributing flyers.

How It Works

Provide the Chamber with a **.JPEG, .PNG, Or .PDF** flyer containing the material you would like included in your e-blast. Be sure to incorporate **logos, photos, and all relevant information** that best highlight your **promotion, event, product, or service.**

Please also include **specific website links and contact information** related to your e-blast so recipients can learn more or get in touch.

E-blasts must be paid in full prior to distribution, and membership dues must be in good standing.

To get started, contact the Chamber at **memberservices@rochesternh.org or (603) 332-5080.**
